# Fundraise from Home

With many fundraising activities being put on hold for the time being, we thought you might be looking for alternative ways to raise funds for your adventure.

You can still work on and lay basic plans for fundraising events, but we wanted to help with some ideas whilst you are staying at home.

Your family and friends can keep supporting you too, when they shop online with over 4000 retailers, via easyfundraising. And it's completely free!
